LONDON SW10

BLACK HAWK

BLACK HAWK WIDE BODY

To create the Black Hawk, the Chelsea Truck Co. team went back to the drawing board, reimagining each aspect of the vehicle from the ground up. Working with a direct supply of new vehicles from Jeep, they have created an innovative vehicle which takes the commercial US Jeep and using military inspired British design, upgrades and refines it for the European market.

A personal project headed by Design Director Afzal Kahn, the painstaking attention to detail and passion for perfection is clear to see in the finished product. With every component tailor-made and precision engineered, the build quality rivals that of a fully coach built vehicle.

Widened wings at the front and rear, coupled with a redesigned front bumper assembly and four slot grille, give the vehicle an imposing presence. This compelling style extends to details such as the crosshair exhaust system and vented Iron Man bonnet. To complete the overhaul, the Chelsea Truck Co. collaborated with Cooper Tyres to give the Black Hawk tyres worthy of the purpose designed wheels.

Inside, the luxuriously appointed interior contrasts with the Black Hawk's rugged exterior. Quilted leather upholstery in a range of exclusive colours is complemented by hand stitched detailing; a reflection of the precision craftsmanship associated with the Chelsea Truck Company.

At home on the chic streets of Chelsea, the Black Hawk is available solely from the Chelsea Truck Company and selected partners. A limited number of vehicles will be built in satin colours, making every Black Hawk a rare and collectable creation.

When purchasing a Black Hawk you are making an investment; an independent assessment of the Black Hawk's value by trade price specialists CAP awarded it a 35% higher residual value than the standard Jeep Wrangler model.

The result is a unique vehicle in a league of its own, which is unlike anything on the market today.

LIGHT ALLOY WHEELS

We have been designing and manufacturing wheels for over two decades, over which time our wheels have consistently focused on simple yet powerful designs which seamlessly integrate with the aesthetic of the vehicle to which they're fitted, accentuating style and elegance.

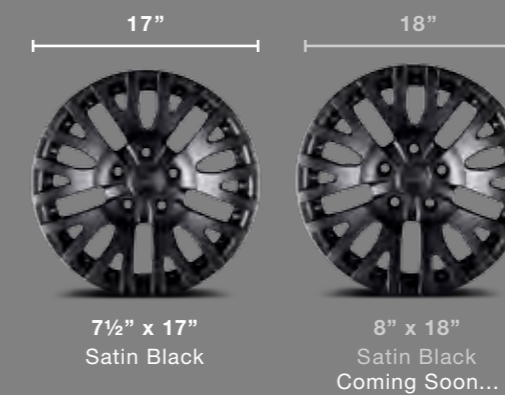

1941 DC

DEEP CONCAVE

The 1941 DC (Deep Concave) wheels' branching spokes reflect our trademark flared shape, with a deepened centre which emphasises the wider stance of the Black Hawk.

1941 DC available in:

1941 DC alloy wheels are designed to take original equipment centre caps.
1941 DC alloy wheels are recommended to be fitted with Cooper 285x70x17" Discoverer STT Pro Tyres.

1986

The classic 1986 wheel has been a Chelsea Truck Company favourite since its introduction in 2010 and perfectly complements the rugged lines of the Black Hawk.

1986 available in:

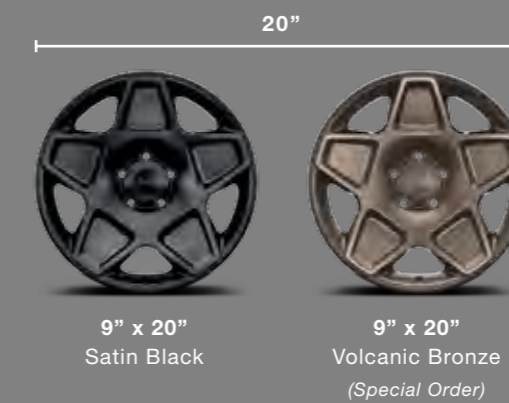

9" x 20"
Satin Black

1986 alloy wheels are designed to take original equipment centre caps.
1986 alloy wheels are recommended to be fitted with Cooper 275x55x20" Zeon LTZ Tyres.

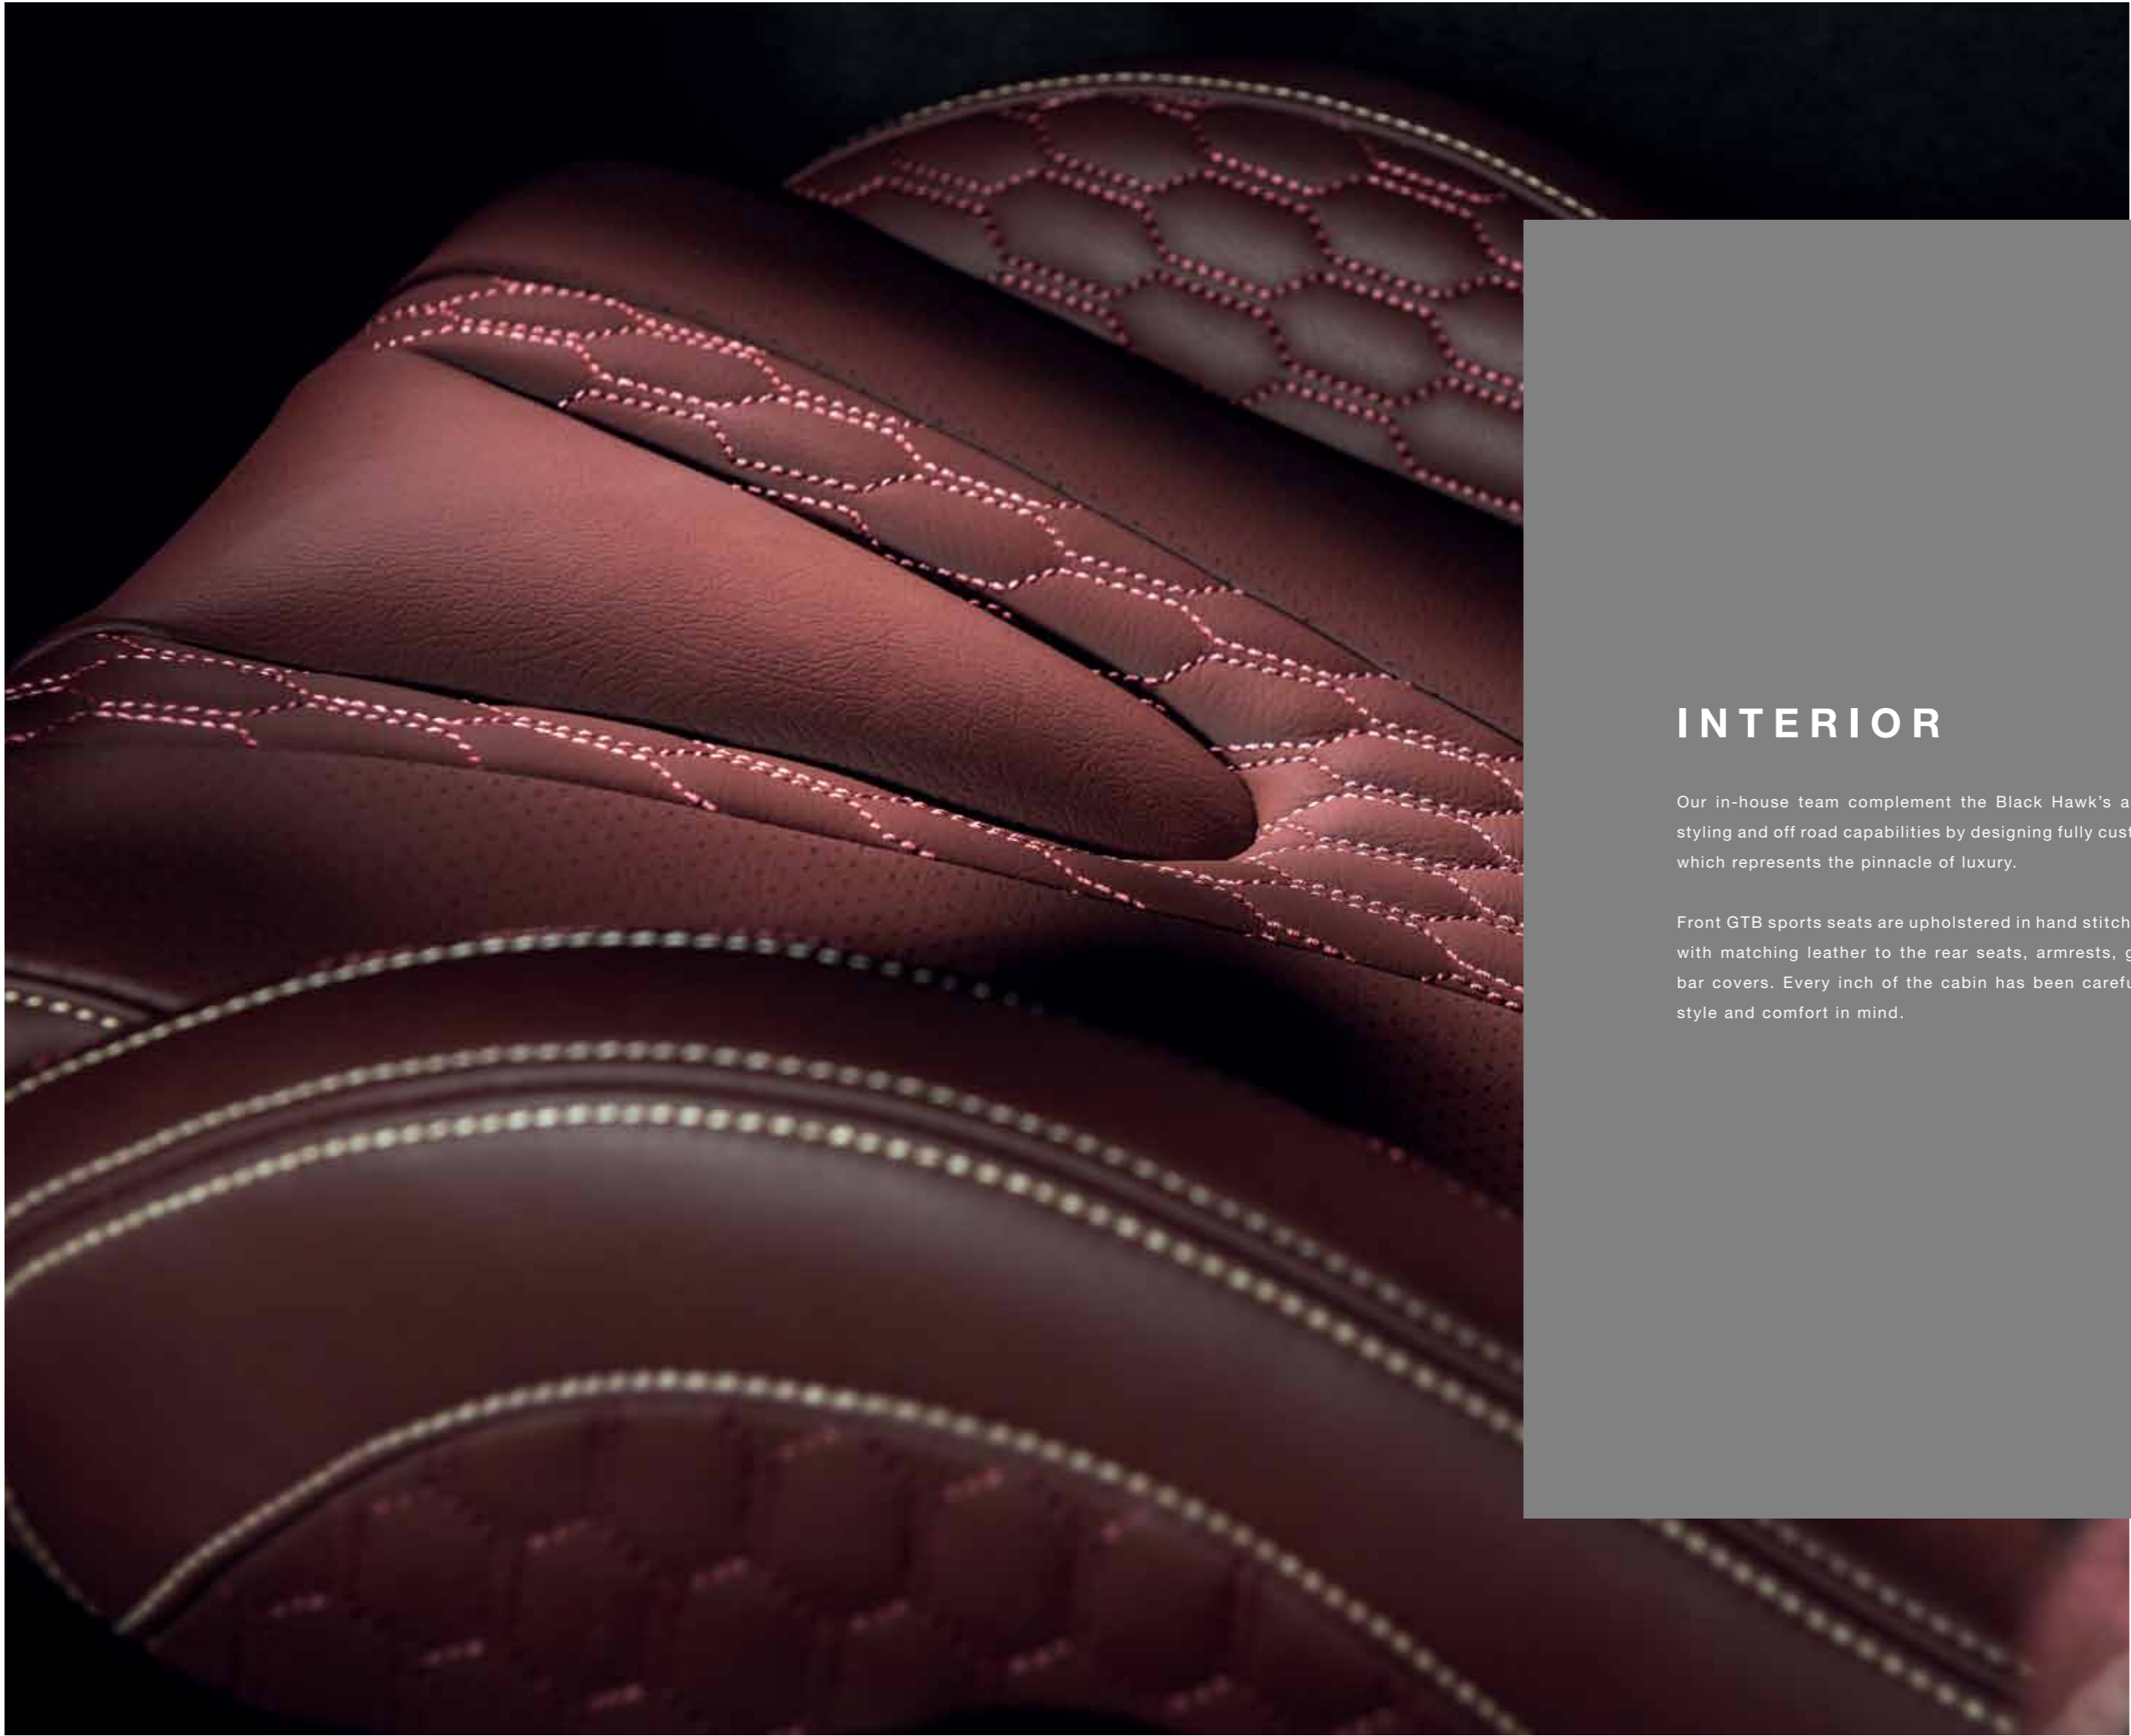

MONDIAL RETRO

The Mondial Retro wheel has been classically designed with a traditional aesthetic coupled with a lower offset, providing a more aggressive stance. Manufactured in Italy in one of the newest facilities in Europe.
